

***HI LEO!***

*Happy Easter!*

*Hopefully you and your family are healthy and safe. We are pretty healthy, but we are not attending classes at school – we are learning from home and have online classes as well. How is it going at your country? Due to COVID – 19 we didn't go to many girls as usual and splash them with water or whip them with our homemade sticks. It's a pity – it is fun for men!*

*Sincerely*

***Richard***
